

SCORES KILLED IN ILLINOIS TORNADO

SEVERAL HUNDRED HURT, MANY FATALLY, IN STORM

MATTOON HEAVIEST SUFFERER WITH 50 TO 75 KILLED

Storm Wrecks Northern Half of Mattoon, Renders 2,000 Persons Homeless — Charleston Has Death List of 35 — Property Damage Cannot Be Estimated Because of Serious Loss To Growing Crops.

BULLETIN.

SPRINGFIELD, Ill., May 27.—Adjutant General Dickson was notified at 2 a. m., today (Sunday) that the Effingham troops had reached Mattoon. Captain W. W. Austin telephoned General Dickson that from 75 to 100 persons were killed, 300 seriously injured and that one hundred blocks of buildings and houses had been leveled.

General Dickson ordered troops at Mattoon also to investigate conditions at Charleston and inform him immediately.

BULLETIN.

SPRINGFIELD, Ill., May 27.—Advices over the long distance telephone from the Mattoon Star at 1 o'clock this morning (Sunday) stated that 42 bodies had been recovered from the wreckage of the tornado at that hour.

Sixty more persons will be found dead beneath the wreckage of their homes, the Mattoon authorities estimated. The dead are mostly working people, killed when 500 homes were destroyed.

A fire followed the tornado, but was said to have done only little damage comparatively.

Mattoon had heard nothing of any deaths at Charleston, it was said.

CHICAGO, May 26.—Spring tornadoes, making their appearance earlier than usual in the central west, caused the deaths of more than 100 persons today and yesterday, the injury of several hundred more and property damage which cannot be estimated because of serious loss in growing food crops.

Mattoon Heaviest Sufferer.

Mattoon, Ill., was the heaviest sufferer in the storms, from 50 to 75 persons being killed there late today. This was more than twice as many killed in Kansas on Friday, when the village of Andale virtually was wiped out and heavy toll taken in the surrounding country, the dead being estimated at from 24 to 30. The storm today wrecked the northern half of Mattoon, including nearly all of the business section, and rendered 2,000 persons homeless.

While the principle force of the storm struck at Mattoon, other sections of Illinois were visited by tornadoes which left death and destruction as they hopped about thru a rich farming territory. Casualties were reported as follows:

Westervelt—5 dead, 21 injured, three of whom will die.
Manhattan—1 dead, 6 injured.
Joliet—2 injured.
Elwood—4 injured.
Modesto—1 dead, 9 fatally hurt.
Pearl—1 fatally injured, 4 hurt.
Charleston—33 dead.
Mattoon—35 dead, 200 injured.

Serious Damage Done.

Early reports of property losses indicated that serious damage had been done to many towns.

Substantial factories were blown to splinters in Mattoon. Joliet estimate da half million dollars damage in Will county alone.

Hail followed the wind in many places, beating growing crops to the ground.

Thirty-five Known Dead

Mattoon, Ill., May 26.—Thirty five persons are known to be dead and it is estimated that an equal number are buried in the ruins of Mattoon as a result of a tornado which struck the city about 4 o'clock this afternoon. In addition more than 200 persons were injured by the windstorm, many of them fatally.

Tonight Mattoon was in complete darkness except for the lights of hundreds of lanterns carried by volunteer rescue workers and not until daylight can the full extent of the damage be known.

Without warning the funnel-shaped cloud came swirling its way toward the city and before persons on the streets could seek safety a city two miles long and about four blocks wide had been devastated. The property damage, it was estimated tonight will exceed one half million dollars and hundreds of families are homeless.

Rush Physicians to Scene

Immediately the plight of the community became known special trains bearing physicians and nurses were rushed here from Pana, Champaign and other neighboring cities. Handicapped by proper hospital facilities many of the injured were being treated in private homes. Many of the injured were struck by wreckage which filled the air for several minutes after the storm had passed.

The T. W. Clark Manufacturing company in whose plant one hundred men were at work at the time the tornado struck, suffered, the

heaviest property damage, the loss being estimated at \$200,000. That none of the workmen were killed, was one of the freaks of the storm.

Pending the arrival of national guardsmen from Effingham for patrol duty among the ruins, one hundred citizens were sworn in as special policemen.

With wire and rail communication almost at a standstill, meager reports which seeped into Mattoon from the surrounding section indicated that the storm, passing over this city from west to east did heavy property damage and caused loss of life for a distance of 30 miles in each direction from here.

Asks for State Troops

In addition to pleas for doctors and nurses the mayor sent an emergency call to Governor Lowden for at least two companies of the state national guard to be used in policing the ruins.

With 2,000 homeless men, women and children, many of them separated from other members of their families were housed in strange homes, every person whose home was undamaged throwing it open to the homeless.

The wind played many strange pranks, a dog which had been playing in front of the Illinois Central Station being thrown several blocks into the section untouched by the storm where it knocked down a woman hurrying for shelter, neither the dog nor the woman suffering injury.

A scuffling from the lumber yard passed entirely thru a home in which the family was dining, hurtling thru the air over their heads and out

thru a window without injuring any of the diners.

Most of Business Quarter Escapes.

Most of the business quarter of Mattoon escaped the fury of the tornado. The path of the wind was thru the north side residential district where house were smashed flat in most cases. In a few instances smaller buildings were carried some distance from their foundations.

The Effingham militia arrived tonight and took up the work of guarding property and caring for the homeless.

All churches, schools and other public buildings were thrown open to the homeless and injured who were cared for in the best manner possible by Mattoon doctors and nurses and those sent from Champaign.

While everyone in Mattoon was busy caring for the injured, bereaved and homeless, word came at intervals from surrounding towns and farms, reporting death and injury. Gays and other small towns were said to have suffered, but no verification could be had.

Thirty Three Dead at Charleston.

Decatur, Ill., May 27.—The Herald's staff representative wires that Charleston, Ill., ten miles east of Mattoon has a known death list of 33 as a result of today's cyclone which caught both Charleston and Mattoon. The total dead in that city is expected to be larger than in Mattoon. The business and industrial sections of Charleston were hit.

Contrary to previous reports, the Herald's representative wires that the business section of Mattoon escaped with light damages and this statement is confirmed by an eyewitness of the cyclone, who arrived in Decatur tonight.

The Effingham militia company arrived in Mattoon at mid-night. Reports have reached Mattoon that many were killed in Gays and other small towns in the corn belt and many are supposed to be dead thru out the country, their bodies still unexcavated from the ruins.

The storm moved from west to east, cutting down everything in a strip a half mile wide. The dead in Mattoon so far located number 41 and are expected to reach 80 or 90. The estimate of injured at midnight was placed at 500. Churches, schools and morgues in Mattoon are filled with wounded and dead. A strip four blocks wide in the north residence section was laid flat.

Village Virtually Destroyed.

Hebron, Ind., May 26.—The village of Kouts was virtually destroyed by a tornado which swept Porter county late today, according to reports received tonight. The storm caused heavy property losses thru out the county but so far as was known tonight, no lives were lost.

Sends Troops to Mattoon.

Springfield, Ill., May 26.—Governor Lowden sent state troops tonight to police the devastated section of Mattoon, Ill., which was swept by a tornado today with heavy loss of life, and also arranged to furnish tents to shelter the hundreds reporting homeless.

Two messages from Mayor George B. Swan of Mattoon, one timed at 5:15 p. m., and the other an hour later, reached the governor tonight by roundabout telegraph routing. Both asked for troops.

Adjutant General Dickson ordered the following four companies of the Fourth Infantry to Mattoon: Company G. and Machine Gun company of Pin-ham.
Company M. Champaign.
Company H. Shelbyville.

The second message from Mayor Swan said one hundred had been killed and injured.

REDUCE FOOD SURVEY BILL APPROPRIATION

Final Passage of Measure in House Expected Monday

Committee of Whole Clips More than \$2,000,000 from Bill—Senate Debates Similar Bill Without Making Material Progress.

Washington, May 26.—Reduction by more than \$3,000,000 in appropriations carried by the administration's food survey and stimulation bill was agreed to by the house today, and consideration virtually was completed in committee of the whole. Final passage of the measure carrying a total of \$14,770,500 is expected Monday. The senate debated a similar bill thruout the day without making material progress and the time of passage there still is in doubt.

Committee Suggests Reductions.

All reductions in the house measure were suggested by the agriculture committee. Those accepted today were:

For combatting diseases of livestock and enlarging production, reduced from \$2,110,000 to \$885,000, for seed distribution and eradication of insects and plant diseases, from \$6,500,000 to \$6,119,000 and for increasing food production and eliminating waste, from \$4,500,000 to \$4,348,340.

On Monday the committee will recommend that the food ration section be cut \$2,500,000 to \$2,522,000.

Persons employed in carrying out the work provided for in the bill would be liable to military service under an amendment offered by Representative McKenzie of Illinois, and adopted.

The proposal followed repeated charges by Republicans that the bill would furnish 7,500 new positions in which Democrats could make themselves secure from the draft.

Mr. McKenzie said he hoped the amendment would serve as a notice to the country that congress does not favor the exemption of federal employees from military service.

Proposed Broadening Amendment.

Representative Cannon of Illinois proposed broadening the amendment immediately so as to include all in the public service but the proposal was ruled out of order.

Little progress was made in the senate altho virtually the entire day was devoted to debate on the measure. The bill will come up again Monday.

WAR NEWS SUMMARIZED

General Cadorna's brilliant offensive continues unchecked, each day finding the Italian line projecting a little further down the Carso Plateau toward Trieste.

The Austrian line gave way again on Friday between Castagnavizza and the Gulf of Trieste, the advancing Italian troops carrying a heavily fortified position and capturing an additional 3,500 men. Their captures in the offensive beginning May 14 now total 22,419.

In the region north of Gorizia the Italian forces the maintaining the gains they scored last week. Heavy Austrian attacks in the Vodice area were repulsed and in the Piava sector the Austrians were pushed still further back.

Seventy six persons were killed and 174 injured in Dover or Folkestone, England, early Friday evening in a raid by German air craft. There were sixteen craft in the raid, probably all airplanes, as no Zeppelins are mentioned in the report.

Sixty bombs were showered upon one of the communities, the bombs which were of large size cutting a swath across the city and killing many persons who were in the chief business thoroughfare. At one spot in this street sixteen women, eight men and nine children were killed. On their return across the English channel the German raiders were attacked by air squadrons of the royal navy air service from Dunkirk and three of them, all airplanes, were shot down.

German artillery is displaying increased activity against the British in the sector of the Arras battle front from the Scarpe river south to Croiselles.

The French announce further progress on the Champagne front and the repulse of two German counterattacks against the French salients east and west of Cerny.

The German war office states that that French attacks on a three mile front south of Nauroy in the western Champagne were repulsed. Russian troops frustrated a Turkish attempt to dislodge them from heights south of Van on the Caucasus front.

OSTEOPATHS OFFER SERVICES.

Galesburg, Ill., May 26.—Three hundred Illinois Osteopaths offered their services to the government here tonight. Rockford was awarded the next convention. Officers elected were Dr. C. E. Nedario of Rockford, president; Paul R. Mantle, Springfield, vice president; W. E. Elfrink, Chicago, Secretary; Dr. Canada Wedell, Peoria, and E. R. Proctor, Chicago trustees.

TRAIN HITS CAR; TWO DEAD

Menominee, Mich., May 26.—Two persons were killed, one fatally injured and a number of other slightly hurt the result of a Chicago and Northwestern passenger train hitting a street car within the city.

CUT DOWN REVENUE FROM WAR TAX BILL

Senate Finance Committee Strikes Increased Surtax Proposals

KILL MANUFACTURES TAX

Decision Prompted By Desire to Eliminate Flat Tax Imposed On Business

TO MAKE UP DEFICIT

WASHINGTON, May 26.—Proposals for a five per cent tax on gross sales in many industries and for greatly increased surtaxes on big incomes were stricken out of the war revenue bill today by the senate finance committee, cutting down by many millions the total revenue provided for as the measure passed the house. The manufacturers' sales tax was thrown out bodily with the understanding that other and probably lower levies would be substituted later. After refusing to accept the increased surtaxes on incomes of more than \$40,000 written into the bill during the house debate, the committee approved the remainder of the income tax schedule virtually in the form in which it originally was drafted by the house ways and means committee.

Desire Equitable Distribution

The decision to throw out the manufacturers tax, which would have affected producers of motor vehicles and many other forms of merchandise, was prompted by a desire to eliminate the flat tax imposed upon business generally and to distribute the tax more equitably, the committee men said. This section was designed to raise \$118,750,000 annually, to be made up in whole or part by other forms or rates of taxation.

For the house tax on manufacturers sales of motor vehicles the committee expects to substitute a general, direct and graduated federal license tax upon owners of motor vehicles, at rates yet to be fixed, based either upon original cost or horse power. The effect it was said will be to transfer the tax burden from the manufacturer to the owner.

The majority of the committee was said to favor annual taxes of \$10 to \$15 on motors, trucks and vehicles used for business purposes may be exempted.

May Substitute New Tax

New taxes to make up the deficit, it was said, may equal the amount involved by elimination of the gross sales levies, but new revenue sources probably will be substituted in many cases.

A reduced sales tax on some of the manufactures is deemed probable, however, while other manufactures may be reached by stamp taxes.

Completion of the revision by the end of next week is hoped for by Chairman Simmons.

TAKE NO CHANCES IN PROTECTING CANAL ZONE

WASHINGTON, May 26.—Officials of the Panama Canal zone are taking no chances in their precautions to protect the approaches to the big waterway from possible enemy activities. Regulations issued by the captain of the port at Balboa governing admittance to that harbor say that all boats, large or small, whether regularly used for fishing or for any other purpose are prohibited from entering or remaining in a wide restricted area embracing the mouth of the harbor except by special permit.

Boats entering this area in violation of the above, the notification of the instructions were issued under the president's proclamation defining the defense area.

TEXTILE WORKERS VOTE TO STRIKE

Copenhagen, via London, May 27.—The textile workers of Crimmitschau, Saxony, have voted a strike for a 75 per cent increase on the grounds of the increased cost of living, but there is danger of it spreading thruout the textile district of Saxony, where complaints about wages have been loud and general for several months.

ROCK ISLAND THREATENS TO QUIT

Rock Island, Ill., May 26.—The Island City Baseball association at a meeting last night took drastic action and sent the following telegram to President A. R. Tearney of the Three Eye League:

"Reinstate first baseman David Williams so that he can play Sunday, May 27, or be prepared to take over Rock Island's franchise, Monday, May 28."

ISSUES POINTERS FOR MEN WHO MUST REGISTER

War Department Acts in Registration Campaign

Points Out Among Other Things That There is Only One Registration Day and No Matter What Just Claim Men Have for Exemption, They Must Register

Washington, May 26.—In its campaign to stimulate interest in registration June 3 for the war army, the war department today issued a memorandum emphasizing the seven cardinal points to be remembered, particularly by men between the ages of 21 and 30 inclusive, who will be required to register. The memorandum follows:

Only One Day for Registration

1. There is only one day for registration, June 3, 1917.

2. Every male resident of the United States who has reached his 21st birthday and has not reached his 31st birthday, must register on the day set, June 3, 1917.

The only exemptions are persons in the military or naval service of the United States, which includes all officers and enlisted men of the regular army, the regular army reserve, the officers' reserve corps, the enlisted reserve corps, the national guard and national guard reserve, recognized by the militia bureau of the war department; the navy, the marine corps, the coast guard and the naval militia, the naval reserve force, the marine corps reserve and the national volunteers, recognized by the navy department.

3. Registration is distinct from draft. No matter what just claim you have for exemption, you must register.

Registration Public Duty

4. Registration is a public duty. For those not responsive to the sense of this duty, the penalty is imprisonment, not fine, is provided in the draft act.

Those who thru sickness shall be unable to register should cause a representative to apply to the county or city clerk for a copy of the registration card. The clerk will give instructions as to how this card should be filled out. The card should then be mailed by the sick person, or delivered by his agent, to the registrar of his home district. The sick person will enclose a self-addressed stamped envelope for the return to him of his registration certificate.

Mail Registration Pointers

5. Any person who expects to be absent from his voting precincts on registration day should apply as soon as practicable, for a registration card to the county clerk of the county where he may be stopping, or if he is in a city of over thirty thousand to the city clerk. The clerk will record the answers on the card and turn it over to the absentee. The absentee should mail this card to the registrar of his home district so that it can reach that official by registration day. A self-addressed, stamped envelope should be enclosed with the card to insure the return to the absentee of a registration certificate.

6. Registration booths will be open from 7 a. m. to 9 p. m. on registration day, June 3, 1917.

STUDENT OFFICERS GETTING INTO SHAPE

FORT SHERIDAN, Ill., May 26.—The first fortnight of whipping young Americans into shape to officer the first half million men destined for service in France, completed tonight, found the stiffness worked out of unaccustomed joints and the ground work of the necessary education laid. About fifty per cent of the camp were given 24 hours leave to visit their homes where possible.

Next Saturday it is planned to decrease the number of absent leaves to 25 per cent of the strength.

REMOVES QUINN FROM LIVESTOCK COMMISSION

SPRINGFIELD, Ill., May 26.—Governor Lowden today removed John E. Quinn of Chicago from the state livestock commission on the grounds of neglect of duty and incompetency. Action came when the morning mail failed to bring Quinn's resignation demanded by the governor yesterday.

Quinn was let out following the removal yesterday of the other two members of the commission and the appointment of Charles W. Adkins of Bement and W. W. Wright of Toulon.

Governor Lowden today appointed Walter Schmidt of Chicago chief grain inspector to succeed I. D. Vincent of Ottawa, who died a few days ago.

This is the second German air raid on England within three days. On Wednesday night four or five German aircraft flew over the English eastern counties and dropped a number of bombs, killing one man. For six previous months, no attack on England had been made from the air following two disastrous raids in which three Zeppelins were destroyed, except for the exploit of a lone airplane on May 7. This machine appeared over the outskirts of North east London and dropped bombs which killed one man and injured a man and a woman.

GERMAN AIRSHIP'S BOMBARD ENGLAND

Aircraft Kill Seventy - Six and Injure One Hundred and Seventy Four

SHOOTDOWN 3 AIRPLANES

Nearly All Damage Occurs in One Town Where Bombs Fall in the Streets

SECOND RAID IN WEEK

LONDON, May 26.—German airships to the number of about sixteen raided southeast England on Friday evening according to an official statement issued today. Seventy six persons were killed.

Three of the German airships were shot down.

One hundred and seventy four persons were injured.

The raiding aircraft which were brought down were airplanes.

Nearly all the damage occurred in one town where some bombs fell in the streets, causing considerable casualties among the civilian population.

Viscount French's Report

The following report on the air raid was made by Field-Marshal Viscount French:

"A large squadron of enemy aircraft, about sixteen, attacked England between 5:15 and 6:30 o'clock last evening. Bombs were dropped at a number of places, but nearly all the damage occurred in one town where some bombs fell into the streets, causing considerable casualties among the civil population. Some shops and houses also were seriously damaged."

The total casualties reported by the police from all districts are:

"Of the killed 27 were women and 23 were children, while 43 were men and 19 children were injured."

"Airmen of the Royal Flying Corps went in pursuit of the raiding aircraft and were engaged by fighting squadrons of the Royal Naval air service from Dunkirk on their return journey. The admiralty reports that three enemy aeroplanes were shot down later by the latter."

Bring Down Three Airplanes

Three hostile airplanes, returning from last night's raid on England, were brought down by British air forces in the English channel and off the Belgian coast, the admiralty announced today. The admiralty statement says:

"Naval airplanes attacked the airship at St. Denis Westrez, near Bruges yesterday morning dropping many bombs."

"In the evening several enemy aircraft returning from the raid on England were engaged overseas by Royal Naval air service machines. An encounter took place between one British and three hostile airplanes in mid-channel, and one of the latter was destroyed. Several encounters also took place off the Belgian coast, in which two large twin-engined hostile machines were shot down. All our machines returned safely."

Make Raid in Afternoon

A town on the Southeast Coast of England, Friday evening, May 25—via London, May 26.—The most ambitious airplane raid yet undertaken by the German on Great Britain occurred here late this afternoon while the streets were crowded with shoppers, promenaders and workers returning to their homes. The raiders dropped a large number of bombs, apparently in haphazard fashion, from a mile or two above the town, killing 76 persons, mostly women or children and injuring nearly 175 more.

Many persons in the streets first learned of the air raid when they heard explosions of bombs around them. The zone in which the bombs were dropped cut a wide swath across the city, with the chief damage in the shopping and residential districts. The bombs which were of large size, demolished completely houses and small shops which they struck.

For six previous months, no attack on England had been made from the air following two disastrous raids in which three Zeppelins were destroyed, except for the exploit of a lone airplane on May 7. ILLUSTRATIONS DOWN TO DATE

Evangelist Billy Sunday probably now uses many of the same sermons that he presented so dramatically at the tabernacle nine years ago, for he is preaching the same old gospel in the same old way down in New York. But the great evangelist—and he is entitled to the adjective—brings his illustrations and invective down to date. In one of his latest sermons he said, "One night as well try to interest a cowboy in croquet work or Marshal Joffre or Roosevelt in tiddley winks as to try to impress God with man made wonders." Just a few days before, in approving Colonel Roosevelt's proposal to take an army of volunteers across to France, Sunday said that he was ready to go even if he could do nothing better than to shine the colonel's shoes.

POLITICAL PERIOD

Persons who follow Chicago politics and public affairs have been interested in the board of education controversy there wherein President Loeb and his associates are now in control. Mr. Loeb has all along been accounted a "hand and glove friend" with Mayor Thompson and secured his appointment thru the mayor. He was recently reappointed and two days afterward came out with a lengthy and bitter attack upon the mayor. This course was very pleasing to the numerous enemies of the mayor on the school board and has caused an entirely new alignment.

There are a lot of downstate people who are not special admirers of Mayor Thompson but who in the present instance think he is showing up favorably with President Loeb, who has so suddenly taken such high moral ground and has proceeded to attack his erstwhile friend. It's another illustration of the way that they use daggers in Chicago politics. But Mr. Loeb's success is likely to be short-lived for perjury has its rewards in politics, just as it has in other affairs of life.

BORDERING TREASON

The American union against militarism has announced that it has established a bureau for conscientious objectors toward compulsory military service at its New York offices. The union has issued a letter urging those who have conscientious objections to military service to nevertheless register in accordance with the law and take other means of letting their objections be known. The American union needs to be very careful in the conduct of its affairs and it will be very easy to step over the line in such a way that its projectors and adherents can be accused of treason. There is a lot of arrogance in the letter just issued suggesting that it will be well to follow the law's requirements, notwithstanding the "conscientious scaples."

The vast majority of people have no patience with those who are now seeking subtly to create sentiment against the government and to oppose the military plans now in the making.

Those with "conscientious scruples" had better make a thorough investigation and ascertain whether or not the mental state in which they find themselves is not the result of some suggestion from German sources.

A TIME TO IGNORE CUSTOMS

The U. S. senate is justly meeting with some criticism from the press because of an evident failure to recognize that times have changed and that customs and rules of the senate should change to conform to these conditions. The need is illustrated in connection with the death of U. S. Senator Lane. Out of al-

leged respect to his memory the senate adjourned for one day—at this time when every hour is precious and means so much not only to this country but to the others engaged in the war.

This adherence to an old custom—one well enough in normal times—has caused comment that the senate wasted a day during which thousands of our allies died. But even worse is the possibility that that delay of a day may later cost many deaths in the ranks of our own army. The trouble with our lawmakers—just as with various organizations and individuals—is that they are following rules of peace, whereas the country is at war.

U. C. T. Council in Monthly Meeting

The monthly meeting of Jacksonville council United Commercial Travelers was held Saturday night at Odd Fellows temple on East State street. There were fifty members present and they listened to a report of the delegates to the state meeting in Peoria, made by George Bligh. The degree team sent to Peoria took second prize in contests in which thirty-two teams participated and report of this work was made by Gerald Taylor. Mention was made of the fact that Harry Myers was selected at the state meeting as one of eleven Illinois representatives to attend the supreme council which will be held in Columbus the last week in June. Following the business session members of the U. C. T. Woman's club provided refreshments for an indoor picnic and the occasion was one of great social interest.

THE GENERAL ASSEMBLY

The \$60,000,000 bond roads bond issue bill, together with measures providing for vocational education and state supervision of private banking are three very important measures which are scheduled to come before the Illinois legislature this week. Reports vary quite materially on what is going to happen, especially with reference to the banking bill and the bond issue proposition. The banking bill has occupied the center of interest for several weeks past and there have been several newspaper statements that the bill was to be put thru on such and such a date, but the expected did not happen. There is very strong opposition to the banking bill as now before the assembly and it is quite likely that this week the action will not be any more definite than in the past.

Following this week there will be but nine business days of the present session, although as previously stated, it is not expected to make a sine adjournment. Governor Lowden and assembly leaders have wisely decided that the times are fraught with so many possibilities that all affairs will be kept in such shape that the legislature can be summoned at any time to take any necessary legislative action occasioned by the war.

FINANCER TO BECOME ARMY MAN

Charles G. Dawes, president of the Central Trust company of Chicago, one of the best known financial men in the country, is to serve as lieutenant colonel of the U. S. reserve engineers now recruiting at Atlanta, Ga. Mr. Dawes announced that he will discontinue active participation in the affairs of the trust company for the duration of the war although he will not resign from the presidency. It is believed that Mr. Dawes will have much to do with the financing of railroads in France. His great experience will be of the highest value in this work.

With men of Dawes' calibre enlisting for the special work that they are best fitted to accomplish, it will not be difficult to prove to the world how genuine is the interest of the U. S. in her allies and how keen the realization of the burden which is now placed upon this nation. Mr. Dawes is not to fight in the trenches, but like other men of great experience in financial affairs who are going to the foreign field, he will be doing work vastly more than that of those who are manning the guns or directly leading in charges against the enemy. The work will not be without its dangers either, and the Dawes action is significant of the times.

DEALING WITH SPIES

American citizens have read books and magazines articles about the German spy system and often have thought the details given were more the result of novelist's imagination than a compilation of facts. But they are having brought to them now the truth about this same German spy system, for it was thru that system that information reached Germany days before the flotilla of U. S. destroyers started across the ocean to aid the allies in their struggle with U-boats. That information permitted the Germans to mine the harbors where the destroyers were to arrive and it was mere chance that the "destroyers" were not destroyed. The incident emphasizes again how little we comprehend the German system—how dear we have been to the stories that this system included our own country and that all information of value to Germany was collected and forwarded with a marvelous promptness.

It gives point too, to the contention of army and navy officials that the spy situation calls for drastic measures and that strict military rules must be followed if we are to have any protection from these enemies in our midst. Death to spies has been the rule of warfare for centuries and in the view of army officials there will be no relief until that rule is again applied with promptness and exactness. Trying spies in our courts and punishing them with imprisonment amounts to little. Indictment of the death penalty under court martial might help.

**WHEN OUR FLAG IS
ON THE FIRING LINE.**
When our flag is on the firing line. Where the Stripes and Crosses wave,

And Old Glory's stars are shining
In their beauty o'er the brave,
Then there's bound to be some fighting.

On the mountain, in the fen
And we'll see the darling Yankees
Chase the Prussians home again.

When our flag is on the firing line
Midst the lily beds of France,
And Old Glory's folds are streaming,
Then we'll make the Uhlans dance.
For the boys from proud Columbia,
Are the bravest of our men
And they're going after Prussians
Till they chase them home again.
—S. A. Hughes.

Rippling Rhymes By WALT MASON

PATRIOTS

The country calls for men to fight against a brutal, ruthless foe; the country's cause is just and right; the bugle's sounding—will you go? Forever honored is the man who springs to arms without delay, impatient to be in the van, to lead his comrades in the fray. His breast with noble ardor burns; he grips his sword and thinks no more of all the trivial concerns of workshop, counting room or store. We hear his martial harness clank, we view him with a jealous stare, while we go paddling to the bank and salt down greasy doubloons there. "We'd gladly do our bit," we say, "but while amidst the battle smoke our little business would soon go broke. War's perils we would gladly court, and meet the foe with dauntless tread, but we have grandsons to support, and uncles who are needing bread. Some day we'll press our iron heels upon the faces of the foe, but we must close up sundry deals involving money, ere we go. Some day we'll battle on the land, or on the briny ocean foam, but there's no rush, you understand; we'll wait until the cows come home." Forever honored is the man who rises, at the country's need, above the private scheme and plan, the lure of profit, urge and greed.

MORTUARY

Stumborg.

Mrs. Richard Stumborg, daughter of George Tholen of 1430 West Lafayette avenue, died at her home near Baylis about noon Saturday. Death must have come suddenly as no word had been received of her illness.

Deceased was born on a farm near Chapin, February 29, 1867, and grew to womanhood there. She was united in marriage twenty-two years ago to Richard Stumborg, the marriage taking place at the family home near Chapin.

She is survived by her husband and three children, Flora, Emory and Bernice all at home. She also leaves her father and the following brothers and sisters, Henry Tholen of Cherokee, Okla., Maggie and Mary Tholen, John and George Tholen, all residing in this city.

She united with the Lutheran church early in life but upon her removal to Baylis she united with the Methodist church in that city. The funeral probably will be held at Baylis Tuesday.

Tholen.

Ean Tholen a long time resident of Girard, died there recently and the funeral was held Saturday. Mr. Tholen was a horse and stock buyer and had made purchases thru a wide territory during many years.

Bissel.

Mrs. Clara Bissel, wife of Earl Bissel, died at her home in Champaign Friday, May 25, aged 29 years. Deceased was the daughter of Charles and Effie Graham Rogers and was left an orphan when quite young. When 12 years of age she went to Mr. and Mrs. Frank L. Ledford's where she made her home until her marriage. She was a member of Centenary church, was very ambitious and was possessed of a lovable character which won for her many friends.

The deceased is survived by her husband and two children, Clarisabel and Hazel. She also leaves one brother, Earl Rogers of Milwaukee, Wis., and one sister, Mrs. Raymond Kendall of Barry.

The remains were brought to this city and taken to the residence of Charles D. Sanders, 216 East North street. The funeral will be held there Monday afternoon at 2:30 o'clock.

Carter.

The infant child of Jesse and Hazel Carter died at the family home 610 South West street Saturday evening. Funeral services will be held this afternoon in charge of the Rev. Mr. Brayboy, pastor of Second Christian church. Burial will be in Jacksonville cemetery.

SOCIAL EVENTS

Miss Black Honored in Pretty Show

Friends of Miss Irene Black gave the prospective bride a miscellaneous shower Saturday afternoon at the home of Miss Edna Beebe, 814 West College avenue, following a "bluebird luncheon" served at one o'clock by Miss Beebe and Miss Edna Cox. The bluebird idea was carried out during the afternoon hours to charming effect.

Miss Black's marriage to Eugene Caldwell of Havana will take place at the home of the bride next Thursday evening.

Dorothy King.

Mrs. Abner King, 315 S. Clay avenue, entertained a company of children yesterday afternoon in honor of the third birthday of her daughter, Dorothy Marie. The home was very prettily decorated with lilies, ferns and hydrangeas and the children spent several hours very happily with games. Refreshments were of a kind suited to such an occasion and the birthday cake was especially designed. The little hostess received a number of beautiful presents.

The company included Hazel May Smith, Patricia Spieth, Evelyn Shoemaker, Bernice Pierson, Juanita and Lucile Ervin and Mrs. Robert Nunes. Bouquets were given as souvenirs. Mrs. King was assisted in entertaining by Mrs. Florence Shoemaker.

ROUND TABLE CLOSES GOOD YEAR'S WORK

Members Stage Old Fashioned Music Program Saturday Afternoon in Jacksonville State Hospital Chapel

The closing meeting of the Domestic Science Round Table was held with Mrs. E. L. Hill Saturday afternoon at Jacksonville State Hospital and an excellent program of old fashioned music was rendered by Round Table members under the direction of Mrs. Abe Wehl. The program was given in the new chapel, with scenery suggestive of olden times and costumes in keeping with these songs of the early days.

After the program pleasing refreshments were served. Those who assisted Mrs. Hill in entertaining were Mrs. S. D. Rosenthal, Mrs. C. A. Sieber, Mrs. W. B. Young, Mrs. William Donahoe, Mrs. Charles Harney, Mrs. J. A. Monson, Mrs. Sarah J. Cocking, Mrs. Belle Hooking, Mrs. George S. Rogerson, Mrs. M. A. Greenup, Mrs. Lloyd Hamilton, Mrs. Joseph McGinnis, Mrs. Thomas Duffner, Miss Mary Knollenberg, Miss Elizabeth Bergschneider, Mrs. J. W. Lowdermilk, Mrs. John Buckley, Mrs. George Imgrund, Mrs. O. E. Tandy, Mrs. H. L. Caldwell, Mrs. J. C. King, Mrs. C. C. Atherton and Mrs. F. B. Madden.

THE NEW OFFICERS At a brief business session officers for the new year were elected as follows:

President—Mrs. W. D. Doying.
Vice president—Mrs. William Floreth.
Secretary—Miss Clara Cobb.
Treasurer—Mrs. Thomas Heaton.

The Round Table has been growing from year to year in point of size and the interest called forth by the monthly programs. The past club year has been no exception to the rule and indications are that this branch of Woman's Club activity will prosper next year as never before.

THE MUSICAL PROGRAM The program was arranged with an ear to musical qualities, nor could the historical vein have hardly been worked out to better advantage. Very pleasing were the chorus numbers, given by Mrs. Herbert Capps, Mrs. C. L. Mathis, Mrs. Ben Lorton, Mrs. W. D. Doying, Miss Dorothy Doying, Miss Helen Doying, Mrs. Harry Benson, Mrs. Byron Armstrong, Mrs. E. L. Hill, Mrs. W. O. Baumgartner, Mrs. John Buckley and Mrs. Homer Potter. The numbers as given given:

Duet, "The Shepherd Boy"—Mrs. E. P. Vickory and Mrs. Doying.
Vocal solo, "In the Evening"—Mrs. H. C. Woltman.

Piano number, "Tene Elizabeth Minuet"—Mrs. Homer Potter.
Recitation—Edgar Hill.

Vocal solo, "Love's Old Sweet Song," Molly—Miss Lena Hopper.
Reading—Miss Marceline Armstrong.

Duet, "Auld Lang Syne"—Misses Dorothy and Helen Doying.
Solo, "Sweet Georgia," by Tucker—Mrs. Harold Gray.

Duet, "Darling Nellie Gray"—Mrs. Woltman and Miss Hopper.
Piano solo, "Blue Danube Waltz"—Miss Geraldine Sieber.

Vocal solo, "Silver Threads Among the Gold"—Mrs. Thomas Harber.
Piano solo, "Believe Me If All Those Endearing Young Charms"—Mrs. W. D. Roberts.

Vocal solo, "Listen to the Mocking Bird," by Hawthorne—Mrs. Abe Wehl.
Chorus numbers, "Long, Long Ago," and "My Bonnie Lies over the Ocean."

Piano, "The Maiden's Prayer"—Mrs. E. L. Hairgrove.
Song, "When You and I Were Young, Maggie"—Mrs. Hill.

"Yankee Doodle"—Mrs. Buckley and chorus.
Duet, "Lilly Dale"—Mrs. Doying and Mrs. Lorton.

"When a Weary Task" and "Three Blind Mice"—The Chorus.
"Star Spangled Banner."

Allen, F. E. Deatherage, W. A. Curtis, G. W. Dunseth, Roscoe Smeadley, C. A. Carter, W. A. Dennis, treasurer, and E. E. Eter, secretary, members of the board of education of Waverly high school, district No. 191.

This case involves the payment of taxes assessed on account of the Waverly township high school. It is the claim of Mr. Burnett and his associates that this board of education was created under an unconstitutional act of the legislature, approved June 5, 1911. In this law it is provided that the inhabitants of any contiguous and compact territory, whether in the same or different townships, on a petition signed by at least 50 legal voters and an affirmative vote in such territory, may

establish a township high school for the benefit of the inhabitants of the territory described in the petition.

Claim Board Without Authority. It is the claim of the petitioners that this law being invalid and unconstitutional, there is no authority for the existence of the present high school board. It is therefore, the prayer of the petitioners that the officers and members of the board show by what authority they are exercising the rights and powers of a board of education for district No. 191.

This quo warranto petition came before Judge Smith Saturday and the defendants were given until June 5 to make answer. A number of property owners in the vicinity of Waverly are resisting the payment of township high school taxes. They have paid other taxes assessed against them but have refused to pay these taxes, and the purpose of the present proceedings is to show that the high school district was never organized according to law and that property included in the district is therefore not subject to taxation for township high school purposes.

SEVERAL HUNDRED HURT MANY FATALLY, IN STORM

(Continued from Page 1.)

"Terrible cyclone here. Many killed and injured and homes destroyed. Send Shelbyville or Paris companies to guard property. No telephone communication."

"George B. Swan, Mayor." "Bad cyclone. One hundred killed and injured. Will you send on or two companies of militia? Will furnish trains. Send orders to companies south of here. The command can wire us for trains."

"George B. Swan, Mayor." Reports that reached Springfield from unofficial sources tonight indicated the tornado had dipped about in a freakish path that it skipped some counties but wrought havoc some counties but wrought havoc. At Modesto, in Macoupin county one person was killed. At Westervelt, in Shelby county, nearly a hundred miles from Modesto, five were killed, according to messages received here.

Five Dead at Westervelt. Westervelt, Ill., May 26.—Five are dead and 21 injured, 3 probably fatally as a result of a cyclone and hail storm which swept thru a twenty mile stretch between Westervelt and Owaneco this afternoon.

List of Dead. Mrs. Herman Christman, 60. Miss Myrtle Christman, 49. Mrs. Sadie Jackson, 63. David McDonald, 65. Eugene McDonald, 20.

Partial List of Injured. Mark Eberly, 9, broken right leg. Ruth Eberly, 5, broken right arm. Beatrice Eberly, 18, internal.

Mrs. Sallie McDonald, 55, head and left shoulder crushed, may die. Gwendolyn Carroll, 8, left leg amputated below knee, may die. Lawrence Lichtenwalter, 4, left leg broken, seriously hurt.

Fireman F. W. McKelke, Bloomington, Illinois Central fireman, back believed broken, may die.

Fourteen other Westervelt people were injured but not seriously.

Children practicing in a church for a Children's Day program, June 4, when the roof was blown in, heavy timbers coming down on them. The injured were taken to Pana on a special train by a corps of physicians and are now in Huber Memorial Hospital.

McElke was struck in back by flying timbers as he stepped from an Illinois Central train.

The cyclone originated near Pana, traveling north to Dunkel and northeast to Westervelt. At 3 o'clock all Pana doctors were called to Westervelt and on their return were rushed to Mattoon on another emergency call.

One Dead at Modesto. Modesto, Ill., May 26.—One person was killed and twenty injured, two perhaps fatally, when a tornado from the south struck Modesto this afternoon, laying waste to about half the town. The body of Mrs. Sarah Poe was found fifty yards from her home. Miss Bertha Poe, her daughter and Martin L. McGinnis received injuries which may prove fatal.

The property loss is estimated at \$150,000.

Others injured were Mrs. Martin L. McGinnis, Albert Meier, Clyde Meier, Mrs. Edward Allen, Mrs. Orin Martin, Frank Dalton, Mrs. Frank Dalton, Benjamin Padgett, Mrs. Benjamin Padgett, Jesse Padgett and five children of Frank Dalton.

With the storm came large quantities of mud which had been picked up in the fields to the south of town which, when the storm had passed, was plastered over the buildings of Modesto.

One Killed in Will County. Joliet, Ill., May 26.—A tornado killed one, injured twelve persons and brought property damage estimated at a half million dollars to Joliet and Will county late today.

Albert Sweizer, six years old, was killed when a barn in which he was playing was blown over.

Many of the injured lived in Manhattan ten miles southeast of Joliet, which was partly wrecked by the wind storm. Elwood, six miles south of this city also suffered, four persons being injured. Two were injured in Joliet and several buildings were razed.

PLM KA-cymSixth 12 78 12 78 Destroys Power House. Melrose, Ill., May 26.—The tornado which swept Central Illinois struck just south of Monee shortly after 5 o'clock today destroying the Chicago Southern Traction company's power house. Several homes were blown down also and six cars were blown from a moving Illinois Central freight train a distance of almost a quarter of a mile across the fields.

Five Injured at Pearl. Quincy, Ill., May 26.—One woman was seriously injured and four other persons hurt at Pearl, Pike county, Ill., on noon today by a tornado which demolished five houses, four in Pike county and a fifth across the river in Greene county. The injured ran out doors when the storm broke which probably saved their lives.

Mrs. Abe Crater, an aged woman, is perhaps fatally injured. She noted the approach of the storm and ran out doors to her granddaughter's house but failed to reach it before the tornado hit. Her granddaughter likewise quit her home to escape the storm. The Wheeler home was completely demolished by the force of the wind and the Crater home partly destroyed. Two other houses in the vicinity were razed.

Mrs. Crater was carried some distance by the wind and struck by flying missiles. She is suffering from a severe scalp wound and numerous bruises.

Cut the food cost by buying the baby brick from Merrigan's. Only 20c.

Mr. and Mrs. W. C. Osborne of Chicago and Mrs. Charles Widmayer of Indianapolis, Ind., are guests at the home of W. F. Widmayer.

WHITE HALL PEOPLE HAD VIEW OF TORNADO

Saw Funnel Shaped Cloud Sweep Across Country—Some Damage Done—News Notes.

White Hall, May 26.—A tornado passed over White Hall at noon today, passing to the north of the city limits with destructive effect. An approaching freight train on the Burlington from the north gave an alarm that aroused the people, and all over town the streets were lined with an excited populace, who received the best view of a tornado that has ever come to the attention of the local public. The funnel-shaped cloud traveled from west to east, crossing the Illinois river at Pearl south of the Chicago and Alton bridge, and passing through the Hartwell Drainage and Levee District, where the principal damage was the destruction of a shed in which some horses were being fed, killing two of the animals.

Hall unattended with rain ushered the storm to White Hall along a path about one hundred feet in width. It gave a roaring sensation for several minutes before coming into view with violent wind-circulating about a central axis, rapidly roaring sensation for several minutes before ascending at the same time and forming a funnel-shaped black and light cloud, whose top was at the cloud level, one of the rare types of wind visitations of damaging character. It neared the earth at the A. F. Shepard farm, one mile west of White Hall, leveling telephone poles and trees, but did not strike any buildings. Its ascent was followed by another descent on the farm of W. F. Ellington, known as the Chapin place, just at the northwest limits of the city, leaving a path about one hundred feet in width, and leveling trees and destroying a chicken house together with a large number of chickens passing just to the north of the dwelling on the premises.

At the junction of the C. and A. and the C. B. and Q. railroads the last descent so far as local observation goes was made on some cars standing on the track connecting it with the two roads, picking up an empty box car and carrying it across the main track of the Burlington and depositing it a complete wreck. Here the tornado appeared to dissipate. The heavens were cast in a red hue as the tornado was getting in its work just north of the city.

HAS TWO SONS IN THE WAR. Honorable mention is surely due the one mother of our city who has the honor of having two sons enlisted for the war.

Mrs. C. E. Malone. The elder, Lloyd M. Malone, as will be remembered by many, enlisted in 1911 on the Battleship New Jersey, since which time he has gone around the world, his being one of the fifteen ships. He has since given four years of naval service, during which time he has served in a number of capacities and has won several medals.

However, he now enlists in a new department as mechanical engineer in the aviator department. He is now corporal in the recruiting station or barracks at Ft. Leavenworth, Kans. The younger son, Julian Y. Malone, spent four years at Rippon college, where he graduated, then to the University of Wisconsin at Madison until his third year and could have graduated in medicine last year and been an M. D., but is taking an elective course and wrote recently, "Will have my final clinical diagnosis Friday and the following Friday be initiated into the honorable medical fraternity. I will come up with my master's degree of science June 6. I go to the insane hospitals for scientific work and study the special methods used by them." He has enlisted for medical service. In writing to his mother of his enlistment he said, "Received your letter this a. m. and can imagine how you feel in knowing that I too have enlisted, but I know that you will meet this as you have other things in your life."

When Mrs. Mrs. Malone was asked whether she gave them willingly she answered with true Spartan spirit, "I want, and have always desired that my sons be successful, faithful and make good in any place in life and have confidence that they will, whether in public or private life."

Baby brick is real food for four persons and the cost is only 20c, at Merrigan's.

RETURN FROM CONVENTION. Miss Esther Carlson has returned from Kewanee where for three days last week she attended the State Convention of the Illinois Sunday School association. Miss Carlson is superintendent of the junior department of the Central Christian church Sunday school and she found the sessions highly profitable.

C. L. DePew of this city was in attendance as was the Rev. L. Hadaway of Chapin. Concord Sunday schools were represented.

The baby brick is a full pint package, the biggest food value you can buy, and the cost is only 20c. Take one home today from Merrigan's.

TERRIFIC EXPLOSION SHAKES MUSKOGEE, OKLA. MUSKOGEE, Okla., May 27.—The city was shaken by a terrific explosion at 1:50 o'clock this morning (Sunday). Windows were broken all over the city. Immediately five riot calls from scattered parts of the city were received a police headquarters.

The explosion the police said early this morning was at the powder magazine of the Muskogee Vitrified Brick Plant at the Northern outskirts of the city, where 1,000 pounds of dynamite was stored. The riot alarms were given by people who believed their homes were being robbed.

COLLEGE WOMEN PLAN TO AID IN RED CROSS WORK

Club at First Annual Breakfast
Heard Story of Conditions Abroad
Narrated by Mrs. J. G. Wilson of
Chicago—Officers and Members of
the Club

The Jacksonville College Club joined the agencies for practical war relief Saturday, when, at the close of the first annual breakfast, the membership of sixty women was canvassed and pledges were made by each for a definite amount of knit goods or clothing. The breakfast was held at the Peacock Inn, with Mrs. J. Gordon Wilson of Chicago, who has recently returned from England and France, as the speaker of the day. The dominant sentiment "that something be done, at once" was strengthened the more by Mrs. Wilson's description of more. Eighty young women, now in college, were present.

The club begins existence with a membership enrollment of seventy-five or more. At the close of the address by Mrs. Wilson, Miss Louise Capps took the floor and defined the aims of the club with regard to Red Cross aid. It was pointed out that nothing the college women may do will in any event interfere with formal Red Cross chapter work, but may be looked upon as supplementing that activity. The motion to begin immediate work of an individual sort was made by Miss Elson Barnes. Details will be left to the executive board. Miss Ayers, the secretary, read the minutes of previous meetings and the new constitution of the club and Mrs. F. J. Heintz read the list of members, grouped according to colleges.

Following is the executive board of the College Club:

President—Mrs. A. B. Applebee.
Vice president—Mrs. Frank J. Heintz.
Secretary-treasurer—Miss Gertrude Ayers.

TWO BIG SERVICES IN WINCHESTER TODAY

Memorial Service at M. E. Church
This Forenoon and Baccalaureate
Tonight—Funeral of Mrs. Joseph
Henson Held—Winchester Personal

Winchester, Ill., May 26.—Memorial services will be held Sunday forenoon in the Methodist church at 10:30 o'clock and all preparations are complete for a notable observance of this patriotic occasion. The Rev. C. W. Caseley will take his text from Hebrews 11:4: "He being dead yet speaketh."

The church is beautifully decorated with flags of England, France, Italy, Roumania, Cuba, China and Japan, with profuse display of the Stars and Stripes throughout the building. All Winchester churches will dismiss for the annual memorial observance.

BACCALAUREATE PROGRAM
The baccalaureate program this evening will begin at 7:30 o'clock with the organ voluntary by Mrs. J. W. Eckman. After the doxology and invocation, the audience will sing "The Star Spangled Banner" and this will be followed by a special anthem. The Rev. C. W. Caseley will offer prayer and Mrs. Nicholas Demereth will sing. Rev. G. E. Prewitt will read the scripture and Mr. and Mrs. S. G. Smith will sing a duet. The sermon will be preached by the Rev. W. R. Johnson, pastor of the Baptist church. "Radiant Morn Hath Passed Away" will be the anthem given after the sermon and then the audience will join in the singing of "America."

THE HENSON FUNERAL
Funeral services for Mrs. Joseph Henson held Friday afternoon at the Baptist church, were in charge of the Rev. W. H. Breach of Danville, a former pastor of the deceased. The Rev. W. R. Johnson assisted Mr. Breach. The music for the services was furnished by a quartet, Mrs. W. H. Kinison, Miss Mary Hughes, Miss Mary Johnson, Miss Josephine Kennedy, Miss Sophronia Kent, Miss Emma Mae Leonard, Miss Ione Lander, Miss Bettina E. Leicht, Miss Laura McLaughlin, Dr. Josephine Milligan, Mrs. Faye W. Moellering, Miss Ainslie Moore, Miss Amy Mothershead, Miss Ruby B. Neville, Miss Amy B. Onken, Mrs. Charles H. FRED KING LAVISH WITH HIS MONEY
Chicago, May 26.—Chicago police were holding F. Chase King of Toledo, Ohio, and formerly of Jacksonville, Ill., in custody tonight. It was alleged that while at a local hotel King gave a bell boy a \$500 check as a tip, ordered fifty taxi-cabs and negotiated for the purchase of sixty silk shirts at a fashionable haberdashery. The police said he was being held only for investigation.

The foregoing dispatch will be of interest to Jacksonville people. F. King was never a resident of this city. Fred King, as he was best known here, married Miss Helen Strawn, daughter of the late Isaiah Strawn. For a number of years they resided in Springfield, removing to Toledo, Ohio, several years ago.

CHAUTAUQUA WILL BE HELD AS PLANNED

Directors Have Program Nearly Completed—Tent Contracts Let—Large Attendance Predicted.

There have been some inquiries in recent weeks as to whether or not the Jacksonville chautauqua will be held as usual this year. A C. Rice, secretary, speaking for the association, said yesterday that the chautauqua will be held on schedule time August 17 to 26. Nearly all attractions for the program have been secured and the contracts have been made for the residents' tents. A brand new auditorium tent is already in course of the making for the chautauqua. Some changes have been made at the park this year by the board at the suggestion of the chautauqua directors and a number of trees have been planted with the idea that they will be of some advantage to the chautauqua in after years. The directors believe that there is every reason to prophesy that the 1917 chautauqua will excel even the good record of former years.

No doubt questions asked as to the association's intentions have been occasioned by the war for in a number of localities it has been found best to abandon plans made for festivities of this kind. Here the directors feel that there is a greater need than ever for the chautauqua with its educational and broadening features. The very fact that the war is in progress may have some effect in shaping the program but it will add to the interest instead of taking from it.

MORE IMPROVEMENT ON WEST STATE STREET

C. N. Priest, the Ford man, has commenced the laying of concrete walks both in front and rear of his new and up-to-date building, and when completed this block will be the most attractive in the city, and we know of no place in the state to compare with it. Mr. Priest is certainly to be congratulated on his preference, and the city of Jacksonville ought to be proud that they have such a man, and such an enterprise as he has built up in our city. He has received, built up and delivered thirty two cars the last ten days and will deliver twenty more the next ten days. Mr. Priest has been so square in his dealings that the Standard Oil Co., has seen fit to select him as their special representative to handle their service station in this city, and through his efforts the public may get RED CROSS GASOLINE at wholesale prices and EUREKA MOTOR OIL and greases. The very best to be had; it is adapted to all makes of cars and a trip will convince you. And since the establishment of this SERVICE STATION his business has grown to such stupendous proportions that it has been necessary for him to install an immense tank of eleven hundred gallons and a new rotary pump to take care of the trade. This new pump has all the latest equipment, filters of all kinds and large dials and dome light, so that the public may see just what they buy. Gasoline today 20c.

CRIMINAL CASE TRIALS TO BEGIN MONDAY

McKinley Harrison Must Answer for Killing of Sanford Sutton—Verdict for Insurance Co. in Suit of Robertson vs. Hartford Co.—Docket Entries

The hearing of cases on the criminal docket will begin Monday, the first case set for trial being that of the people vs. McKinley Harrison, charged with killing of Sanford Sutton June 11, 1916. State's Attorney Robinson will prosecute the case and Paul Samuell is the attorney for the defendant. On the date mentioned Sanford Sutton, McKinley Harrison and six or eight other colored young men were on West Morgan street when a shot was fired which went thru young Sutton's heart. He was taken by his companions to the office of Dr. Kennelbrew, where an examination proved that life was already extinct.

The matter was reported to the police and about two hours later Merchant Policeman Sweeney found McKinley Harrison in a drunken stupor lying in an alley not far from the scene of the shooting. Harrison was taken into custody and subsequently admitted the shooting but declared it was accidental. He and his companions had all been drinking and a short time before had been in the Patterson pool room on West Morgan street. It is said that the evidence will show that a quarrel preceded the shooting. Judge Norman Jones will return to Jacksonville Monday to preside in the circuit court during the week.

The case of John R. Robertson vs. Hartford Fire Insurance company was concluded Saturday afternoon when the jury returned a verdict finding the issues in favor of the defendant insurance company. A motion for a new trial was entered.

Docket Entries. In the suit of the Waverly Telephone company vs. Ollie and Sallie Fanning, default of the plaintiff was noted and judgment against plaintiff for costs was entered.

In the quo warranto proceedings of Everett Burnett vs. W. E. Swift et al., a certificate was issued ordered returnable June 5. This is a suit involving the payment of high school taxes in Waverly precinct.

In the divorce proceedings of D. W. Carter vs. Mollie Carter, proceedings dismissed by the complainant at his cost.

In the suit of Anna Williams vs. George Williams for divorce, the complainant withdrew the action.

In the partition suit of Idda G. Forwell vs. Walter M. Smith et al., objections to the master's report were overruled and this report approved.

A divorce was granted Mrs. Alice Mayes from her husband, Oscar Mayes, an order of divorce being entered against defendant.

In the divorce suit of Mrs. Edna Wilson vs. Henry Wilson, an order of default was entered and defendant agreed to an immediate hearing and decree granted.

In the chancery suit of Hattie Gibson vs. Robert Gibson, an order of dismissal on petition of the complainant was allowed.

AUNT OF W. T. BROWN KILLED IN CYCLONE

Mrs. Sarah A. Poe Meets Death and Miss Bertha Poe Serious Injury in Modesto Storm—Mother of Mrs. Poe Killed by Tornado.

Mrs. Sarah A. Poe, who was killed in the storm which visited Modesto Saturday afternoon, was an aunt of W. T. Brown of this city and the message received by Mr. Brown from a brother in Modesto stated that Miss Bertha Poe, an adopted daughter of the deceased, was not dead, as was at first reported, but had sustained serious injury. Mrs. Poe, who was about sixty-five years of age, had lived in Modesto for many years but spent her youth in Morgan county. She was the daughter of Thomas and Lucinda Frye Wood and was reared in the Woodson vicinity.

The fact that Mrs. Wood, mother of Mrs. Poe, met death in similar manner made the death Saturday all the more tragic. It was in a cyclonic storm which visited southern Morgan county some thirty years ago that Mrs. Wood met her death.

Arrangements for Mrs. Poe's funeral had not been completed Saturday evening.

A GREAT STORM 21 YEARS AGO TODAY.

May 28, 1896 a fearful storm visited the city of St. Louis doing untold damage. It was in the form of a genuine whirlwind visiting the city, demolishing a part of the Eads Bridge and scattering houses in all directions. In the East St. Louis yards it went in circles and cars, buildings and anything at all movable whirled about. Ferry boats supplied transportation across the river and the slowness of St. Louis was well exemplified in the leisurely manner in which the boats plied and before night they were tied up leaving people begging to get across.

BLUFFS SCHOOL TERM BROUGHT TO CLOSE

Good Program Rendered Commencement Day—Alumni Hold Banquet

Bluffs, May 25—A very successful term of school closed here Thursday. Class day exercises were held at the school building Thursday afternoon and in the evening commencement exercises were held at the opera house.

The house was prettily decorated in the class colors of old rose and silver. The following program was rendered in a very pleasing manner. March, the Graduating class, Mrs. E. L. Kendall, presiding at the piano.

High school choir—Springtime. Invocation—Rev. P. A. Sorensen. Quartette, Gypsy Trail—High school.

Address—R. E. Heironymus, of the state university. Violin solo—Suzanne Rinehart. Presentation of diplomas—Royal Oakes, president of school board. Benediction—Rev. C. H. Smith.

Home from Springfield. Mrs. Thomas Reid who was called to Springfield two weeks ago by the serious illness of Mr. T. Reid's mother returned to her home Friday for a few days only.

Mrs. F. R. Waters and sister Miss Iva Summers of Winchester who have been visiting relatives in town returned home Saturday.

Mrs. Wm. Hilderhand of Williamsburg, Ia., is the guest of her parents, Mr. and Mrs. H. C. Finney.

Mrs. G. W. Reese and son Robert left Thursday for a visit with her parents, Rev. and Mrs. A. J. Christy at Canton.

Alumni Banquet. The Alumni held their annual banquet and reception at the school building Friday night. Dainty refreshments were served and the evening spent in a social way which was much enjoyed by all.

Mr. and Mrs. Wm. Busch who recently moved to Naples to make their future home have decided that Bluffs is good enough and they will return when they find a suitable residence.

QUEEN MARY'S FIFTIETH BIRTHDAY

London, May 26.—Queen Mary reached her fiftieth birthday today and although there were no public rejoicings and festivities such as would have marked the anniversary in times of peace, the occasion was not allowed to pass entirely unnoticed. During the day an almost countless number of messages of greeting were received at Buckingham Palace from relatives, personal friends, societies and individuals in all parts of the British dominions. The greetings afforded further evidence of the fact that the manner in which her Majesty has shouldered her share of the burdens and self-sacrifice imposed by the war has greatly augmented the love and esteem in which she is held by the British people.

Queen Mary was born at Kensington Palace, May 26, 1867, the eldest child of the late Duke of Teck and the late Princess Adelaide of Cambridge. Her marriage to King George, then the Duke of York, took place in the Chapel Royal, St. James's Palace, July 6, 1893. Until her marriage the princess passed the most of her life at the White Lodge, Richmond Park.

JEWS OBSERVING WEEK OF PENTECOST

Religious Ceremonies in Synagogues Thruout The World—Celebrated Fifty Days After Passover.

New York, May 26—With the setting of the sun this evening Shavuoth, the Jewish Pentecost, of Feast of Weeks, begins and religious ceremonies will be celebrated in the Jewish synagogues thruout the world. The name of the holiday is derived from the fact that it is celebrated fifty days after the Passover. The festival lasts for seven days in the reform synagogues and for eight in the orthodox.

That the feast was originally of an agricultural nature is clearly indicated by all of the biblical injunctions as to how it should be observed. It was a festival of thanksgiving for the first harvests of the year that the fields had yielded, beginning with the barley harvest at Passover and extending to the wheat harvest at the beginning of Summer. The ceremonial offerings prescribed were symbolic of the garnered gifts of the soil.

A new significance was given to this feast in post-biblical times, when it began to be observed as the anniversary of the birth of Judaism with the promulgation of the rabbinic, the reading of the Ten Commandments constituted part of the Scriptural reading in the synagogues. The non-agricultural life that the Jews were forced to lead for centuries brought the emphasis to bear upon this historical significance of the feast.

With the introduction of the rite of confirmation by the reform synagogue the Pentecost, because of its traditional association with the ancient revelation, was selected for charging the Jewish boys and girls thru an impressive public ceremony with the meaning of the Jewish faith and with the duty of leading a high religious and moral life. In the reform synagogue this rite has become important, replacing the former ceremony of Barmitzab.

The relation of the festival to the garnered grains, however, was not forgotten, for at this season it was customary to decorate the home and synagogue with plants and flowers.

All personal property schedules for 1917 must be returned to the assessor's office on or before June 1.

CHARGES HIGH PRICES TO FOOD SPECULATORS

President Oklahoma Board of Agriculture Says Patriotism Cannot Thrive on an Empty Stomach—Profit from Wheat Twice as Great as Actual Price Paid Farmer at Elevator.

Oklahoma City, Okla., May 26.—"Patriotism can not thrive on an empty stomach" says a stinging arraignment of food and grain speculators issued today by Frank M. Gault, president of the Oklahoma State Board of Agriculture. The statement says that the average price paid the farmer for the 1916 wheat crop of Oklahoma was \$1.22 a bushel, and that the profit derived from the handling and marketing of this wheat was twice as great as the actual price paid the farmer at the elevator.

After charging food speculators with responsibility for the sky-rocketing of food prices, figures are presented as follows:

"In 1916 Oklahoma produced 27,541,000 bushels of wheat. Prior to October 1, 73 per cent, or 20,105,000 bushels, was marketed at an average price of \$1.05 per bushel. In October, 7 per cent, or 1,928,000 bushels, was marketed at \$1.42 per bushel; in November, 6 per cent, or 1,653,000 bushels, was marketed at \$1.71 per bushel; in December, 4 per cent, or 1,102,000 bushels, was marketed at \$1.66 per bushel; in January, 3 per cent, or 826,000 bushels, was marketed at \$1.56; in February, 2 per cent, or 551,000 bushels, was marketed at \$1.68; in April, 2 per cent, or 551,000 bushels, was marketed at \$1.87.

"Of the total wheat crop of Oklahoma in 1916, 35 per cent was sold at an average price of 89 cents per bushel; 23 per cent of the total wheat crop was sold at an average price of \$1.21 per bushel, and 27 per cent of the crop at an average price of \$1.66 per bushel.

"The average price the farmer obtained for the 1916 wheat crop was \$1.22 per bushel. On the basis of today's market of \$16.00 per barrel for flour, he pays the merchant \$3.80 for the products obtained from the bushel of wheat, or \$2.58 more than he received from the wheat originally. Of this amount 24 cents is the actual cost of manufacture, leaving a clear profit of \$2.34 on a bushel of wheat, which is absorbed in its travel from the farmer's bin until it reaches him in its manufactured state.

"The \$2.34 profit derived after the deduction for milling is double the amount the producer actually received for the grain delivered to the elevator.

"The man who produces the food-stuffs and products that go to make up the manufactured article," concludes the statement, "seems not to be considered except as a patriot. It is extremely difficult to make the individual realize that it is his duty to protect his country during its country's need under such conditions. Patriotism cannot thrive on an empty stomach."

ILLINOIS COLLEGE NOTES

The Reverend Percy A. Epler, '92, will speak at the Vesper service on Baccalaureate Sunday, June 10th. As a representative of the Class of '92, which will celebrate this Commencement, the twenty-fifth anniversary of their graduation, Mr. Epler will also pronounce the invocation at the Commencement exercises. Mr. Epler is now pastor of the First Congregational Church of Indianapolis.

Dr. Willard Bartlett, '92, of St. Louis, has written that he will be present for the re-union of his class on Commencement day.

President Rammelkamp recently received a very interesting letter from Earl Sooy, '19, who is on the Mexican border in the Second Engineer Corps. Mr. Sooy writes of his accidental discovery of the presence of William Kitcher by hearing his friend's name at the roll call.

Nearly all of the Illinois College men who have enlisted write in the most appreciative terms of the work of the Young Men's Christian Association in the army.

Mr. McCauley, a representative of the Single Tax League, spoke to the class in economics on Wednesday.

The Reverend W. A. Freeman, representative of the American Committee on Armenian and Syrian Relief, spoke to the students at the chapel exercises on Friday morning. He presented in strong terms the urgent need of the starving Christians of Armenia and Syria.

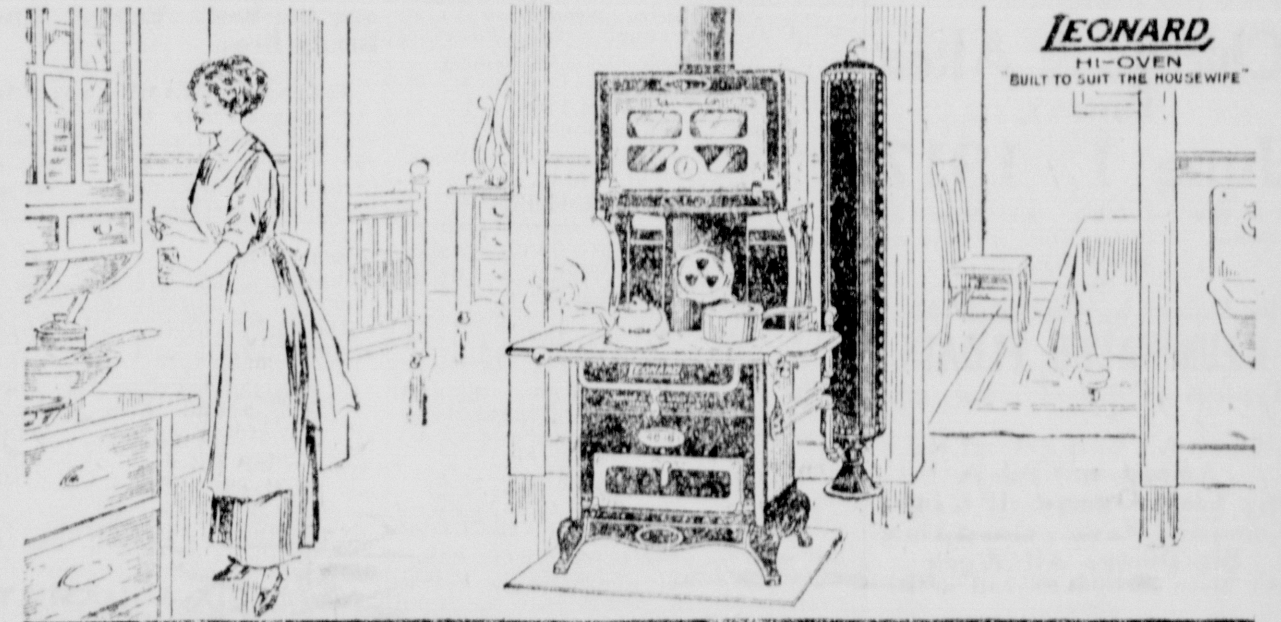

Mrs. Rugh, of Decatur, visited her daughter, Miss Margaret Rugh, head of Academy Hall, the early part of the week.

There will, of course, be no interruption in the work of the college next year. Although a large number of the older students will probably not be back in the fall, all of the advance courses for the upper classes will probably be given as announced in the catalog. Furthermore there is every prospect that there will be a good sized entering class. The United States government, thru the War Department and the Bureau of Education, is urging all high school seniors under the conscription age to continue their plans for a college education. The demand for engineers, doctors, men in agriculture, and leaders of general college training will be greater than ever as a result of the war. The Commissioner of Education has sent a communication to all high school principals asking that such advice be given to their graduating classes.

Professor and Mrs. John Dewey, of Columbia University, New York, will be guests during a part of their visit in Jacksonville, of their friends, Dr. Josephine Milligan and Dr. Grace Dewey.

The Class of '92 will probably make an effort to win the Alumni Reunion Trophy.

Mrs. Leslie Dodsworth of Franklin was a visitor in the city Saturday. She was accompanied by her sister Mrs. Bessie Kinder of Kansas City who is her guest for a few days.

The Evening Line-Up

Both children and grown-ups, with coughs and colds, are all the better for a dose of Foley's Honey and Tar at bed time. It wards off croup, stops tickling throat, and hacking coughs, and makes an otherwise feverish, sleepless night of coughing and distress, a quiet and restful one.

BROWNSVILLE, TEXAS, Mr. Chas. Baker, writes: "My wife would not think of using any other cough medicine, as Foley's Honey and Tar is certain to bring quick relief. It is especially effective in cases of bad coughs, and we give it to our children and recommend it always as a safe remedy, for it contains no opiates."

City Eye Specialists Tell How To Strengthen Eyesight 50% In a Week's Time In Many Instances

A Free Prescription You Can Have Filled and Used at Home

Boston, Mass.—Victims of eye strain and other eye weaknesses, and those who wear glasses, will be glad to know that Doctors and Eye Specialists now agree there is real hope and help for them. Many whose eyes were failing say they have had their eyes restored and many who once wore glasses say they have thrown them away. One man says, after using it: "I was almost blind. Could not see to read at all. Now I can read everything without my glasses, and my eyes do not hurt any more. At night they would pain dreadfully. Now they feel fine all the time. It was like a miracle to me." A lady who used it says: "The atmosphere seemed hazy with or without glasses, but after using this prescription for fifteen days everything was clear. I can read even fine print without glasses." Another who used it says: "I was bothered with eye strain induced by overworked, tired eyes which induced her headaches. I have worn glasses for years, but they did not help. The condition was so serious that an operation for enucleation seemed inevitable. Before resorting to the operative treatment I prescribed Bon-Opto and in 24 hours the secretion had ceased, inflammatory symptoms had subsided and in seven days the eye was cured and retained its normal vision. Another case of extreme convergent strabismus (crossed eyes) escaped the surgeon's knife by the timely use of your collyrium. The tightened external muscles yielded to the soothing and anodyne effects of Bon-Opto, and always until Bon-Opto after removal of foreign bodies and apply it locally to all burns, ulcers and spots on the eyeball or the lids for its therapeutic effect. By clearing the lids of secretions and acting as a tonic for the eyeball itself the number of cases of diseased eyes has been reduced.

Dr. Beck, an eye specialist of nearly twenty years practice, says: "A patient came to me who was suffering from Biepharitis Marginalis with all the concomitant symptoms, as morning agglutination of the lids, chronic conjunctivitis and enophthalmos. Her eyes when not contented and the dull, suppressed expression common to such cases. Having run out of my medicine a friend suggested Bon-Opto. Since using this treatment and not only overcame her distressing condition, but strange and amazing results were quickly strengthened her eyesight that she was able to dispense with her distance glasses and her headache and neuralgia left her. In this instance I should say her eyesight was improved 100%."

Dr. Smith, an oculist of wide experience, says: "I have treated in private practice a number of serious ophthalmic cases, and I can say it works more quickly than any other remedy I have prescribed for the eyes."

REVEAL PLOT TO WRECK ASSOCIATION

CHICAGO, May 26.—Existence of an alleged plot to wreck the American Association and form a third major league was revealed for the purpose of formally cancelling the interleague series with the clubs of the International League. The vote for the cancellation was unanimous.

The plan to disrupt the association was outlined in a statement issued by Thomas J. Hickey, president of the organization. Hickey while declining to mention the names of persons alleged to be back of the movement, said that a meeting of the association club owners would be called in the immediate future and "all members will act in concert to defeat such disrupting efforts."

Joe Tinker, president and manager of the Columbus club, said he understood the plan for the formation of a third major league included disruption of both the American association and International League. The four leading cities in each organization were to be selected to make up the new league he said.

In addition to cancelling the series of 48 games with the International League the club owners pledged themselves to reduce salaries of high priced players twenty five to fifty percent. Players refusing to accept the reduction will be released, it was announced. Probably a dozen men will be asked to accept a cut in salary.

It was decided to add forty two games to the present schedule increasing it to 154 games. The present schedule ends August 5.

The series with the International League was to start August 6th. Twenty four games were to have been played in each circuit.

Edward G. Barrow, president of the International League is understood to be willing to abide by the decision of the American association in regard to the cancellation.

WOMAN'S COLLEGE NOTES

Attention is especially directed to the commencement event which will begin on June 1st. The Academy graduation exercises will be held Friday night, June 1st in Music Hall at 8:00 o'clock. The exhibits which begin next day will be of especial interest. The home Economics exhibit will occur on Saturday, June 2nd. It is planned with special reference to existing food conditions. Some of the dishes to be shown are meat substitutes. Starchy foods to be served instead of potatoes and bread consisting of oat meal, rice or corn meal with wheat flour. The Army ration of the American Soldier will also be shown. It is unnecessary to comment on the value of this exhibit. The high cost of living can be met successfully by careful study and these exhibits are for the interest and welfare of the people of Jacksonville so that every one interested is cordially invited to attend. It will be given on the first floor of Barker Hall and may be accessible from Clay avenue.

The art exhibit this year is also worthy of unusual notice. The exhibit will be held in the studio of the Fine Arts Department from 10:00 in the morning to 4:00 in the afternoon on Saturday, June 2nd and Monday, June 4th. The exhibit of the Domestic Art Department will be held from 2:00 to 5:00 on Saturday June 2nd and from 10:30 Monday morning to 12:30 at noon. This exhibit will also be of particular interest to everyone who has to meet the present conditions in caring for the needs of the home.

Mrs. Belle S. Lambert was called to Minneapolis by the serious illness of her daughter-in-law, Mrs. Lanning Lambert. President Barker returned Monday morning from an important meeting of the Commission on Finance held in Chicago on Wednesday and Thursday of the last week.

Miss Geneva Up of the class of 1914 has just been appointed to the position of director of physical education in the town of Washburn, Minn., at a salary of \$1,200 a year. Miss Up has three teachers working under her, two women and one man, and will have charge of the work for that community.

The School of Expression will give its recital on Saturday evening June 2nd, at 8:00 p. m. in Music Hall. The commencement events are free to all who are interested and a cordial invitation is extended to all to be present. Miss Louise Reed gave a well chosen selection Monday evening May 21st, at Centenary Church. She read for the evening "The Governor's Decision."

On Monday a busy day is ahead for everyone. The track day events will be given if the weather permits. The Sophomore Class will hold a picnic. The Greetings staff will have breakfast and at this time reports will be given by the out-going officers and the new officers will take charge for the coming school year.

Saturday evening the Athletic Association enjoyed a banquet in the new gymnasium. The examinations will begin on Wednesday, May 29th, and will continue for three days. Saturday, June 1st, the Belles Letters Society will hold their annual luncheon.

Miss Mildred Applebee will appear in her graduating recital in music on May 28th in Music Hall.

REGISTRATION PLANS KEEP OFFICIALS BUSY

SUPPLIES ISSUED FROM COUNTY CLERK'S OFFICE FOR REGIS- TRARS

Every Man Between Age of 21 and 31 Must Secure Receipt from Registrar in His Home Voting Precinct—Sickness or Absence From Home Not an Excuse—Work of the Registration Board

The provisions of the conscription bill are giving a large amount of work just now to the sheriff's office and that of the county clerk. During the week Sheriff Graff has appointed a registrar in each of the voting precincts of the county and these registrars are to secure three cards for each precinct who are also to be known as registrars.

Now thru the office of County Clerk Boruff the registrars appointed are receiving the supplies which will be used on registration day. These supplies include the cards which are to be signed by the men between the ages of twenty one and thirty one who are enrolled, and also the receipts or certificates which are to be issued to them by the registrar. Included with the supplies also are copies of the conscription law together with some instruction cards which are to be posted near the polling places, indicating the manner in which the questions on the registrar's cards are to be answered.

Work for Registration Board
In addition, summarized report cards are furnished the registrars and after the listing has been completed the cards are to be entered on these summarized sheets according to various classifications provided for in the law. It is the duty of the registrar in each precinct to return this summarized report to the county clerk. When all such cards have been received the registration board, consisting of the sheriff, the county clerk and the county physician will meet and then compile a summary of the returns from the several precincts in accordance with classifications and instructions received from the adjutant general. Then the board will report by telegraph the number of men enrolled under the different classifications.

Subsequently a certain per cent of the men listed from this county will have their names drawn, in accordance with some plan yet to be outlined by the government. Such persons will then present themselves to the county physician for examination and those who pass will be sent to conscription camps as directed by the adjutant general. There further

physical examinations will be given by federal representatives and those rejected will be sent back home and others drawn to take their places.

Must Register in Home Precinct

Other work in connection with the registration is occupying the attention of the deputies in the county clerk's office in cases of young men who are sick or who are expecting to be absent from the city on June 5, Registration day. The county clerk's office can assist an applicant in filling out his registration card but cannot issue a receipt. The only official who can issue such a receipt is a registrar in the precinct in which the person registering resides.

Thus far a number of men have come to the county clerk's office who live in other counties or states but who are working here. In such cases the county clerk can furnish a registrar blank and assist the applicant in filling it out. It then becomes the duty of the applicant to see to it in some certain way that this application blank is placed in the hands of the registrar in his home voting precinct on registration day. One method to be followed will be for the applicant to send the blank properly filled out to the sheriff in his home county and ask that official to forward it to the proper registrar on registration day. He should also send his address and a stamped envelope and the registrar will then forward the proper receipt card. This matter is very important to young men for after registration day it is the duty of policemen and federal officers to stop young men on the street and ask to inspect their registration cards. Failure to have such a card makes the man subject to arrest and punishment by fine or imprisonment.

Forms for the Sick

In the case of persons who are sick the county where applications have been made to the county clerk, the clerk has authorized physicians to deliver the application forms and assist in filling them out. Then it becomes the duty of the sick man or his relatives to see to it that the application forms are sent to the proper registrar so that due and official receipt can be issued. The law provides for the payment of \$4 for one registrar in each precinct, if no person volunteers to serve without pay. No means of paying more than one registrar in a district has been provided, so that practically all officials who will serve on registration day must do so without pay. The total amount allowed the sheriff for the work he does in connection with registration is \$7.50 and a like fee for the county clerk is provided. The completed list of registrars appointed by the sheriff was printed recently with the exception of J. O. Rexroat of Arcadia and Dr. Allyn of Waverly No. 2.

MURRAYVILLE MASONS PLAN HOME COMING

Will Have Special Ceremonial Session Friday, June 15—May Organize Chapter of Eastern Star

Murrayville Masons are planning for a homecoming to be held Friday, June 15, the exercises to begin at 1 in the afternoon and continue thru the evening. It is only a few months since the headquarters of the Murrayville lodge were moved back from Woodson to Murrayville. Notices have been sent to all present and former members of the lodge and the expectation is that a meeting of unusual interest will be held. The lunch will be served by the wives, sisters and daughters of the members of the lodge and there is a strong probability that at that time a chapter of the Eastern Star will be organized. C. J. Wright is the worshipful master and J. H. Dial secretary of Murrayville lodge No. 432. The general committee on arrangements for the homecoming includes C. J. Wright, J. T. Self and W. T. Cook.

The Maxwell Is Mechanically Right We Waited Four Years To Say That

The makers of the Maxwell spent four years in developing the car. Patient, persistent, scientific refinement of one model—that was the method. An automobile that beats the world for endurance, efficiency, economy—that's the result.

You know the old story about the race between the hare and the tortoise.
—how the hare skipped about the fields—nibbled clover tops—cut all kinds of capers, trying to "show off";
—how the tortoise stuck to his job—stayed in the middle of the road—kept on going—and won the race;
—you know that story and its moral.

No Experiment in Maxwell Mechanism

Some automobile makers have run around after novelties—like the hare, trying to add untried "improvements" which operate better in advertising than on the car.
But the Maxwell makers held fast to one model,
—and when some one made a big how-de-do about his latest novelty, the Maxwell makers strengthened a pin,
—or simplified or improved a part of the Maxwell mechanism,
—or in other big and little ways developed, refined, perfected the one Maxwell model.
So that, in the end, the Maxwell won by the tortoise method.

The Maxwell World Endurance Champion

A Maxwell stock car—a duplicate in every detail of your Maxwell—without stopping the motor, traveled 22,022 miles in 44 days and nights,
—and at a rate of 25 miles an hour and 22 miles per gallon of gasoline.
No other vehicle built by human beings ever did anything to compare with that feat.

The Economy Champion Too

P. D. Armour used to say that his packing houses "utilized all the hog but the squeal."
That's the kind of economy you get in a Maxwell.

Roadster, \$850; Touring Car, \$665; Cabriolet, \$865; Town Car, \$915; Sedan, \$985; completely equipped, including electric starter and lights. All prices f. o. b. Detroit.

Mrs. Miriam Thayer Seeley, Professor at the Oregon Agricultural College, drove her Maxwell for 9,700 miles across the continent and back,
—over every conceivable kind of road, across the desert and over mountains,
—for \$8.19 a month, including gasoline, oil and repairs.
Thousands of Maxwell owners get hard daily service out of their cars at a cost of \$6 to \$8 a month.
That's pretty near what the college professors call "an irreducible minimum."

The Maxwell's Great Vital Organs

There's the frame—combining greatest strength with greatest flexibility.
There's the wonderful radiator, that does its work of cooling at any speed and all the time.
There's the world champion engine—rugged, simple, with power to spare.
There's the great wear-proof clutch, running in oil—the most efficient we know of—bar none.
There's the transmission—simple, trouble-proof—self-lubricating.
And, besides, the Maxwell is a handsome, comfortable, completely equipped car.

The Maxwell Is the Car You Want

The Maxwell at \$665 f. o. b. Detroit indeed is every man's car.
All we ask is a chance to show you the Maxwell.
The car will prove every statement we've made.
The Maxwell is mechanically right
—and we know it.

The Sociable Clubster

COMBINING as it does the companionableness of the roadster and the capacity of the touring car, the LEXINGTON four-passenger Clubster is deservedly one of the most popular cars sold today.

The LEXINGTON Clubster is a hospitable car. It is roomy and comfortable, yet all of the occupants are brought into one delightful company without that sense of separation which is unavoidable in any touring car.

The Moore Multiple Exhaust System, the most valuable single feature offered by any car made today, is an added reason for the LEXINGTON Clubster. It means 22.8% more usable power with less gasoline, increased hill-climbing ability, less gear changing, more flexible power, less carbon trouble, and, because power is obtained at lower engine speeds, less vibration and wear and tear on engine and car.

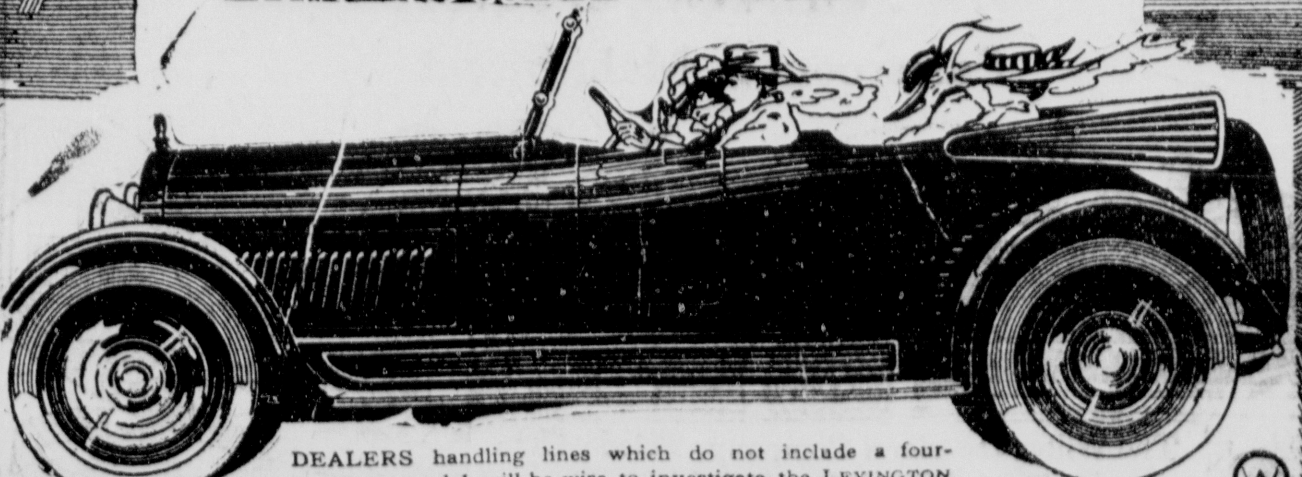

LEXINGTON beauty of line and finish are only exceeded by LEXINGTON performance. You will be completely satisfied with your LEXINGTON, and not only satisfied but delighted.

CHURCH SERVICES

Northminster church—Regular services today at 10:45 a. m. and 7:45 p. m. Sunday school at 9:30 a. m. Y. P. S. C. E. at 6:45. Rev. Marion Humphreys of Springfield will occupy the pulpit at both morning and evening services. The public is cordially invited to attend all services.

Westminster church—Edward B. Landis, pastor, Sunday school, 9:30. Morning worship, 10:45, with sermon by the pastor. No evening services. The prayer meeting service will be held on Wednesday evening at 7:30. Our primary department is especially strong in superintendent and teachers. We believe our primary superintendent is the equal of any in the state and we feel that we have as good service to offer mothers of the west end, and, in fact the entire city, to induce them to bring their children to our primary department. The children at this age will carry the thoughts and impressions received through their entire lives. We ask you parents to place your children under this good influence.

Salem Evangelical Lutheran Church, East College street. Rev. J. C. Kuppfer, Pastor. Penticost or Whit Sunday. Sunday school at 9 o'clock. Public worship in German with the celebration of the Lord's Supper at 10:30 a. m. Confessional services at 10 o'clock. Divine services in the American language at 7:30 a. m. All cordially welcome. The L. W. C. will meet Thursday evening at the school.

Brooklyn—There will be services both morning and evening. Preach-

ing by the pastor, W. W. Theobald, at 10:45 a. m. and 7:30 p. m. The subject of the evening will be "The Love that Saves." Sunday school at 9:30 a. m. J. A. Walters, Supt. Epworth League at 6:30 p. m. Prayer meeting each Wednesday at 7:45 p. m. A welcome to all services.

First Church of Christ, Scientist—Regular services are held in Odd Fellows' Temple, E. State St. Sunday at 11 a. m. Subject: Soul and Body. Sunday school at 9:30 a. m. Testimonial meeting Wednesday at 7:45. The reading room, 507 Ayers Bank building, is open each week day from 2:30 to 4:30 p. m. The public is cordially invited to attend the services and to visit the reading room.

Centenary Methodist Episcopal Church, Ernest L. Fletcher, Minister—Sunday school, 9:30 a. m. Mr. A. C. Metcalf, Supt. Morning worship, 10:45 a. m. Sermon by the pastor. Subject, "The Great Conflict." Junior Epworth League, 2:30 p. m. Miss Clara Smith, Supt. Epworth League, 6:30 p. m. No evening service on account of the High School Baccalaureate at the Central Christian church. Next Sunday Rev. Merl English will preach for us at night.

Trinity Episcopal Church—Whit Sunday, Early Service, 7:30. Sunday school, 9:30. Holy Communion and sermon, 10:45. Report from Synod will be made. J. F. Langton, Rector.

Congregational church—Bible school at 9:30 a. m. Brotherhood Bible class at 9:30 a. m. Morning worship at 10:45. Supt. A. R. Van Possen of the Anti-Saloon League

will speak at the morning hour. Evening service omitted.

First Baptist church, Corner of Church and State streets, A. A. Todd, pastor—Bible school at 9:30 a. m. Well organized classes and departments. Morning sermon, at 10:45. Theme: "The Overcoming Christian." B. Y. P. U., 6:30 p. m. Topic: "The Gospel Afloat and Awheel." Leader, Helen Ham. The evening preaching service has been dismissed that all may attend the High School Baccalaureate service at the Central Christian church. Prayer service Wednesday night led by James Stout. Services at Baptist chapel Sunday, 2:30 p. m. and Friday 7:30 p. m.

Central Christian church, M. L. Pontius, Minister—Bible school at 9:30 a. m. C. L. Depew, Supt. Morning worship at 10:45 o'clock. Theme of the sermon by the pastor, "Seeing the Invisible." Senior Y. P. S. C. E. at 6:30 p. m. Intermediate Endeavor at same hour with Byron Shibe and Richard McCarty as leader. High School Baccalaureate services at 7:45. Sermon by Rev. E. L. Fletcher of the Centenary M. E. church. A double quartet Mrs. Genevieve Clark Wilson, Mrs. Abram Wehl, Misses Dorothy Hitter, Lorine Dewees, Robert Boyd, Wilard Wesner, Robert Shoemaker, Byron Carpenter with Miss Alice Mathis at the organ will render the music.

Grace Methodist Episcopal church, F. B. Madden, minister will speak at 10:45 a. m. on "The Parable of the Plowman or God Teaching the Farmer." Sunday school, 9:30 a. m. Epworth League, 6:30 p. m. No evening sermon on account of the Union Service at the Christian church.

McCabe M. E. church, Cox street, M. Luther Mackay, pastor—Sunday school, 9:45 a. m. Mrs. E. U. Coen, Supt. Sunday morning meeting day at McCabe and the newly appointed District Superintendent, the Rev. Mr. W. R. Krieger will preach at 11 a. m. and 3 p. m. At 8 p. m. the Rev. Mr. J. H. Fisher of Bethel A. M. E. church will preach. There will be splendid music by the choir. A welcome is extended to all to worship with us.

Second Christian church—Preaching by Rev. H. J. Brayboy, pastor, at 11:30 a. m. and 7:30 p. m. Bible school 12:30 p. m. Prayer service on Wednesday, 7:30 p. m. Teachers' meeting on Friday, 7:30 p. m. Official board on first Monday in each month, 7:30.

Mt. Emory Baptist church, Enos Larkin Scruggs, minister—Public worship at 11 a. m. and 7:45 p. m. Theme for the morning sermon, "Thy Will be Done." At the evening hour there will be an educational service. Clarence Nashy will deliver the address he gave when graduating last spring from College. The pastor will give a short educational talk. A communication from Miss Susie Lynch of California will be read. Miss Lynch was assisted by the church when in College. A very cordial welcome to all. Parents especially should be present and bring their children. Bible school at 2:30. B. Y. P. U. at 6:30.

State Street Presbyterian, Rev. R. B. Wilson, pastor—Sunday morning service at 10:45. The pastor's theme will be "True Worth." There will be no evening service and on this account full congregation is urged to be present at the morning service. Sunday school at 9:30 a. m. Men and women Bible classes, also classes for all other ages. Our primary department is one of the most interesting for the little ones to attend. Parents are invited to send their little ones here. T. M. Tomlinson, Sunday school superintendent. Evening service omitted on account of High school baccalaureate exercises at Christian church. Wednesday evening prayer meeting at 7:30. A cordial invitation is extended to all the services of this church.

TRAMP, TRAMP, TRAMP.
From the melting pot we came,
And we've made the change in name,
For we want to work and win for Uncle Sam;

And we love the colors true,
Beautiful red, white and blue,
And our spirit is much fiercer than a lamb.

CHORUS
Tramp, Tramp, Tramp the boys are marching,
Cheer up boys it won't be long,
Till we clean the land up right,
Then we'll sing with all our might,
For we'll have a mighty grand and glorious song.

All our people wanted peace,
But the wonders never cease,
And the Kaiser's got us in it pretty bad;
When we cross the deep blue sea,
Where the U. S. Boats seem to be,
If you cross and are unharmed, you may be glad.

Chorus—
When the Kaiser pelted us,
He didn't dream of all this fuss,
So we'll try to bear with him and be quite gay;
We will bring him back to time,
And we won't just want a dime,
For we'll teach him we're not here to dream or play.

Chorus—
When we all begin to tramp,
Then we feed our allies lamp,
And we'll all go sailing o'er the deep blue sea;
And the French and English men,
Will be glad and only when
All our allied nations can and will be free.

Chorus—

FAREWELL PARTY GIVEN BY VIRGINIA LODGES

Rebekahs and Royal Neighbors
Spend Pleasant Evening with Mr.
and Mrs. Charles Etchison, Who
Leave Soon for Rock Falls, Ill.—
Other Cass County Happenings.

Virginia, May 25.—Members of the local lodges of the Rebekahs and Royal Neighbors, spent Tuesday evening with Mr. and Mrs. Charles Etchison who will leave soon for Rock Falls, Ill., to make their home. The evening was spent in a social way and delightful refreshments added to the enjoyment. The guests departed at a late hour, wishing the family happiness and prosperity in their new home.

Mrs. J. F. Tureman and daughter, Mary Jane, of Nashville, Tenn., arrived in this city Tuesday for an extended visit with relatives and friends.

Mr. and Mrs. Ed Munson of Richland motored to this city Sunday and spent the day with relatives.

Mrs. John Beckum left today for an extended visit with her son, Eura Beckum, at Havana, Kan.

Misses Marie and Lola Arenz of Arenzville attended the commencement of the 8th grade pupils and visited with Mrs. Nellie Irvine Saturday.

John McEmore who has been ill for the past two months remains in an unimproved condition.

Miss Mary Magel is very ill at her home and a trained nurse is attending her.

Mrs. Robert Hall is ill at her home on South Cass street.

The remains of the late James Cooper who was drowned May 17 at Louisiana, Mo., arrived in this city at 8:30 o'clock this morning over the C. P. & St. L. railway, accompanied by Undertaker J. E. King, and were conveyed at once to Walnut Ridge Cemetery where services were held by Rev. C. E. French and Rev. C. F. Juvinall.

James Edgar Cooper was born near this city Oct. 6, 1891. He was the eldest son of John and Elizabeth Cooper and is survived by six brothers: Walter, Homer, Arthur and Clyde, at home, and one sister, Mrs. Mabel McGovern, and Allen, who is at present enlisted in the U. S. navy.

May first he enlisted in Co. B, 5th Regiment of Illinois and was drowned in the Mississippi river, ten days later, near Louisiana, Mo.

The G. A. R.'s attended the funeral in a body. Selections were sung at the grave by a quartet composed of Miss Anabel Ray, Mrs. W. E. Gibson, Will Myers and Merle Paschall.

The bearers were Privates Elmer Carlson, Ralph Hudson, Earl Hare, of Co. B, and Virgil Davis, Harry Collins and Will Decker.

Edward Krone received a telegram informing him of the death of his brother-in-law, Chas. Bietz, of Sullivan, Ill. Mr. and Mrs. Krone will leave for Sullivan this evening to attend the funeral.

SPECIFICATIONS OUTLINED FOR THE MONUMENT

Art Commission Will Select Three
Best Models Submitted — Prizes
are Offered — Monument To Cost
About \$31,000.

At a meeting of the Morgan County Monument Association Saturday the general specifications for the monument to be erected in memory of the soldiers and sailors of Morgan County were presented. These specifications, which are signed by C. E. McDougall as chairman and C. H. Rammekamp as secretary of the monument association, give a clear idea of the general plans for the monument.

The association is proceeding in such a way that the advice of the best experts on such questions will be acted upon. The association is fully determined not to hurry thru with some plan which gives promise of satisfactory results but wishes to be as nearly certain as possible that the plan as finally adopted will be one which can be approved with the changing conditions which are certain to come with passing years. The main points in the specifications are given herewith:

Location—The monument is to be erected in the center of the Public Square at Jacksonville, Illinois.

Description—The monument should include an appropriate figure or figures in bronze, and bronze tablets for the names (approximately 2,000) of the Morgan County soldiers and sailors.

Cost—The cost of the monument is not to exceed \$31,000, which amount should include excavations, foundations, the removal of the present pagoda, and all expenses incidental to the erection of the monument.

Time—The contractors and sculptors competing must send their submissions at their own expense and risk so as to reach C. E. McDougall, Chairman, Jacksonville, Illinois, between June 24th and 28th, 1917. After August fourth no model received will be considered in the competition unless it is shown it was started in time to reach its destination in the ordinary course of transportation, and the delays were caused by reasons beyond the control of the sculptor.

Models—A model in plaster of the entire design on a scale of one inch to the foot will be required. The figure or figures, and all other portions to be executed in bronze must be tinted.

Drawings—A plan and elevation on a scale of an inch to the foot rendered without color, will be required. No drawings without the models will be accepted.

Specifications—With the model and drawings shall be a full description giving the exact over all dimensions, kind and character of material to be used and a detailed estimate of the cost. Any design which in the opinion of the Monument Association cannot be executed in a first class manner for \$31,000 will not be accepted.

Anonymity—All models, drawings, descriptions and estimates submitted must be anonymous. They shall, however, bear some mark or emblem and no other means of identification. This mark or emblem, together with the name of the competitor and his address must be enclosed in a sealed envelope marked for identification. The same should be enclosed in another envelope and mailed to C. H. Rammekamp, Secretary of the Morgan County Monument Association, Jacksonville, Illinois. The identification envelope will not be opened until after the award is made.

Exhibition of models—A disinterested, competent packer will be employed to unpack and set up all the models in the room selected for their examination and exhibition. No competitor or his representative will be allowed in the room selected for the exhibition previous to the time of judging the models. After the conclusion of the competition, the competitors will be expected to make provision for the return of their own models.

Competition and prizes—A committee of the State Art Commission of Illinois will select the three submissions which they deem most meritorious, numbering them 1, 2, 3 in order of merit. The Monument Association will then finally select the design from the three submissions recommended by the committee of the State Art Commission.

The sculptor or contractor whose submission is thus finally selected by the Morgan County Monument Association will be awarded the contract provided the selection receives the approval of the City Council of Jacksonville, Illinois. A prize of \$150 each will be awarded by the Morgan County Monument Association to the other two competitors whose designs are not accepted, included among the three selected by the committee of the State Art Commission.

The model and drawings finally accepted will in its discretion become the property of the Morgan County Monument Association.

Approval of statutory by State Art Commission—Any statutory which is to be a part of the monument must have the approval of a committee of the State Art Commission before the statutory is cast.

Contract—The sculptor or contractor whose submission may be finally selected will be required to enter into a contract with the Morgan County Monument Association and the County Commissioners of Morgan County for the construction and erection of the monument. A bond equal in amount to the total cost named in the contract will be required to insure the faithful performance thereof.

Funds—The funds for the construction of the monument will not be available until sometime between July 1 and September 1, 1918.

Information—Each sculptor and contractor intending to compete should send his name and address to C. H. Rammekamp, Secretary of the Morgan County Monument Association, Jacksonville, Illinois. If it is impossible for a competitor to visit Jacksonville a photograph of the Public Square will be sent upon application.

Wash ties with the National Emblem of France, the Emblem of Honor, Unity, Hope, Protection and Chivalry are shown by FRANK BYRNS' Hat Store.
